Creation of these maps is sponsored in part by the National Endowment for the Arts.

The Memorial Art Gallery (MAG) takes pride in its outreach to, and involvement with, the greater Rochester community, from *Family Days* to pioneering educational programs with the Rochester City School District. The community's generous support of the Gallery (as evidenced in the highest per capita membership for an art museum in the country and more volunteers than any art museum in the northeast) helps make the Gallery a vital cultural and educational resource in western New York.

MEMORIAL ART GALLERY: Educational Partnerships

In 2009, the MAG provided classes, public programs, tours and resources to 155 educational partners in the greater Rochester area. Of these, 129 are schools and homeschools, 9 are preschools, and 17 are colleges and universities.

Some of the educational programs offered to these partners include:

Learning to Look:

An Introduction to the Gallery

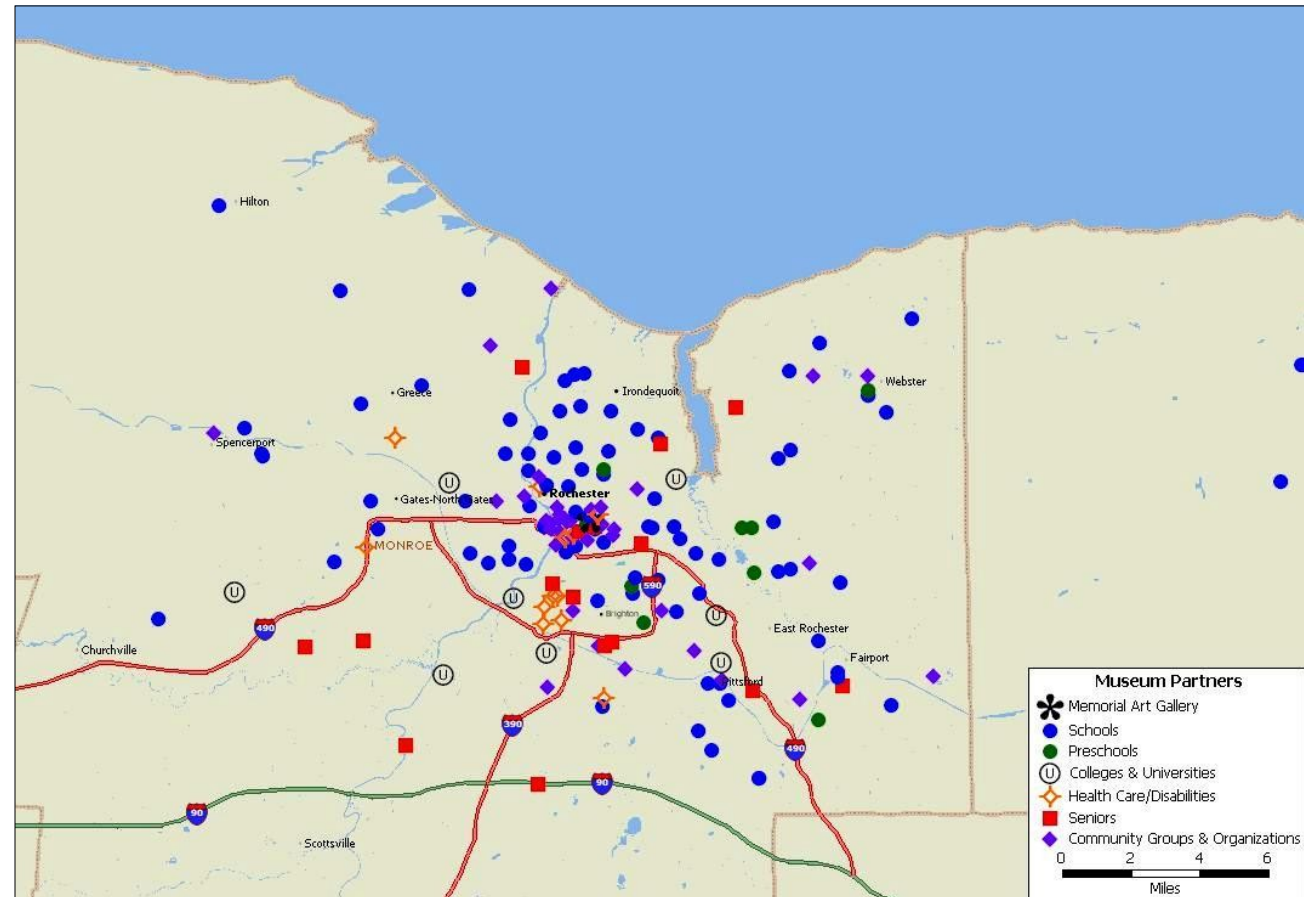

What is an art museum? What can you learn by looking at an artwork? Students of all ages explore the Gallery's collections through finding details, learning new vocabulary and sharing their own observations.

Art History

Trace the numerous styles and themes explored by artists over the centuries, and the materials favored by various cultures, using representative artworks in the Gallery's collection. Tours may focus on any aspect of art history.

Many Faces, Many Places

Travel through time and space and hone observational skills on a cross-cultural world tour. Come face-to-face with artworks such as masks, paintings and statues representing cultures from major world regions, including the Arctic, Central and South America, Europe, Asia, ancient Egypt and sub-Saharan Africa.

Annual Cultural Celebrations: The MAG sponsors an interactive series of annual cultural celebrations, including Hispanic/Latino Heritage Month, Kwanzaa, Black History Month, and Asian Pacific American Family Day.

Creative Workshop is Rochester's vibrant and thriving art school, offering classes at the beginning, intermediate and advanced level of drawing, painting, ceramics, jewelry and fibers. Instructors include working artists, professional art educators, and art historians,
